

Double Deck compressed wood pallet

Scenix pallet supplies high quality double deck compressed wood pallet. We are professional manufacturer for innovative presswood pallets and compressed wood pallet machines in Qingdao, China. Customer satisfaction is our biggest goal.

Product Introduction

Our intention should be to fulfill our consumers by offering golden provider, superior price and superior quality for Cheap price High Performance Compressed Fiber Cement Board From China Manufacturer, Our products love very good popularity between our clients. We welcome customers, company associations and close friends from all components with the entire world to call us and seek out cooperation for mutual positive aspects. Cheap price China Fiber Cement Board, Cement Board, Our merchandise are widely sold to Europe, USA, Russia, UK, France, Australia, Middle East, South America, Africa, and Southeast Asia, etc. Our goods are highly recognized by our customers from all around the world. And our company is committed to continually improving effectiveness of our management system to maximize customer satisfaction. We sincerely hope to make progress with our customers and create a win-win future together. Welcome to join us for business.

Double Deck compressed wood pallet

Introduction of Double Deck compressed wood pallet

Pallet is the horizontal platform device for the loading, stacking, and transporting of goods and products as unit loads.

What is Presswood Pallet ?

Scenix Presswood pallet is a new type ISPM 15 compliant pallet which use wood chips, wood shaving and other plant fiber as raw materials and compression molding under high heat and high pressure.

Environmental-Friendly

Waste wood recycling, improved the wood availability.

Fumigation Free and Quarantine Free

Pallets are complied with ISPM 15 guidelines for wood packaging, export no need fumigation and quarantine. Import and export are more convenient and faster..

Specification of Presswood Pallet

PRODUCT PARAMETERS	
Material:	high quality wood fiber
Synthetic resin:	high strength environmentally adhesive
Load:	dynamic load 2000kg / static load 5000kg
Fork hole height:	90mm
Manufacturing:	molded in one solid piece from dried wood fibers
Into the fork:	4 way entry/2 way entry
Specifications:	1100x1100mm / 1200x800mm / 1200x1000mm/1050x1050mm(4 way)
	1140x980mm / 1300x1000mm(2 way)
Fumigation certificate:	no fumigation, can be exported directly

Presswood pallet

Presswood pallet is the full name of plant fiber molded flat industrial pallet, with the overall structure. And the surface of pallet is smooth and flat, to meet the transport of various goods.

Wooden pallet

Wooden pallets use logs as the material, through the drying and modeling, to eliminate the internal stress, and then cutting, planing, sanding and other finishing processing, using nails to connect the wood plate, and the last is the wax sealing process.

Product Application

Dynamic load capacity: over 2 Tons

Static load capacity: over 5 Tons

Moisture content: ≤8%

Used for the storage, packing and transportation of goods in many industries, such as paper making, building material, chemical industry, electronics industry, hardware, food, pharmaceutical industry. Lower price and lower weight than traditional wooden pallet

Details Of Double Deck compressed wood pallet

- 1 No nails, stable size, can better protect the transported goods, avoid scratching the outer packaging of the goods;
- 2 Strength is greater than traditional wooden pallets, stable quality, solid and durable;
- 3 With perfect plate frame and tapered foot shape, stacking transportation can make full use of the site and space;
- 4 There are four working surfaces, which is convenient for the operation of the mechanical forklift in multiple directions;
- 5 Light weight, easy to use, reduce labor intensity of workers;
- 6 It has the advantages of waterproof, insect-proof, white ant-proof and not easy to burn. It can be exported directly without quarantine and meets environmental protection requirements.

Delivery and Shipping Service of Double Deck compressed wood pallet

Faq

1. Space-saving.

The same size of presswood pallets is nestable. And, they can be easily separated from a stack with a fork lift truck. Nesting pallets reduces storage space by up to 66% than conventional wooden pallets.

2. Lighter weight.

Presswood pallet is 60% lighter than a conventional wooden pallet.

3. Excellent design.

Round edges design of Double Deck compressed wood pallet is suitable for cargo safety, and perfect reinforcing rib to enhance loading ability. Accurate size with one-time pressed, no bending.

4. Safe.

Presswood pallet is a one-piece design. There are no nails or staples to reduce product and package damage. And eliminating burrs help reduce employee and customer injuries.

5. Environmentally friendly.

Presswood pallets are a resource-friendly, wood-based recycling product, made from recycled waste wood from saw-mills and industry.

6. Ready for export.

Double Deck compressed wood pallet are acceptable for export worldwide. The high temperature and pressure manufacturing process makes the pallets free fumigation and burns out all insect and larval infestations.

7. Quality assurance.

Low 6-8% moisture content of presswood pallet reduces the risk of product damage. And resin bonded construction provides high water resistance.

8. Recyclable and renewable.

Old pallets which are no longer usable can be shredded and re-glued to make new Double Deck compressed wood pallet.

Company

Qingdao Senyu Environmental Protection Technology Co., Ltd. is situated in the beautiful city of Qingdao, China, specialized in the R&D, sales and manufacturing of compressed wood pallet, presswood pallet and presswood pallet machine. Through years of strenuous effort, Scenix has started to play an important role in this market with an annual output of 5800,000pcs. Since its very beginning, the company has been committing itself to the belief "focus on reducing costs, creating value for customers".

Thanks to its competitive prices, quality products and post sale services, the company wins a lion's share of the industrial market with its reach into many fields of chemical, auto-parts, printing, food and the like. Most of our customers are repeat order reputable customers from Middle East, Asia, Europe, United States and other foreign countries.

Now we owns 3 branch companies, from the collection of raw materials to the manufacturing of the customized mold, from R&D team to marketing & trading team(Qingdao Yuding New materials). Scenix has the ability to control all the production process of the industry chain. Qingdao Scenix is stepping up its effort to build up itself into an international brand.
